Brussels, **10 MARS 2016**

Dear Ms Van Brempt,

I was very pleased to meet you following your appointment as Chair of the Committee of inquiry into Emission Measurements in the Automotive Sector (EMIS).

Our meeting was a good opportunity to set the basis for an effective and efficient cooperation between the Commission and EMIS committee and I look forward to continuing a fruitful dialogue in the future.

As discussed at our meeting of 8 March, it is my pleasure to provide you with a list of publicly available documents and with a time line of actions undertaken on the way to adoption of the "RDE" file.

My services and I, we remain of course at your disposal should you have any request.

Yours sincerely,

Elzbieta Bienkowska
